Dear Sir

This is further to your requirement for **Cotton Linter**.

We are delighted to introduce ourselves as Shree Ganesh Trading Company (SGTC); a pioneer in manufacturing of Cotton linter since 2 decades in India. Over the past 22 years, the company has grown to be one of the best rated in the manufacturing and processing of Linters. SGTC has been a trend setter in more ways than one and today is the leading company in the manufacturing and sale of Cotton linters. The Product catalogue comprises of:

S.No	Product Name	Description
1.	Cotton Bales Shankar-6/V-797	We offer an extensive range of Raw Cotton Shankar-6 (S-6) [Long/Short Staple] and V-797 [Short Staple] available in the market at highly competitive price.
2.	Cotton Seeds	We are the producer of quality of cotton seed remain after ginning. Cotton seed dry in our large compound to remove moisture from it. After removal of moisture we use it for cotton seed oil cake and delinting.
3.	Cotton Seed (Delinted)	Once the short fibre is removed from the cotton seed, it is used for solvent industry and cattle feed. Delinted cotton seed is as good as Cotton seed oil cake, which contains good protein and oil.
4.	Cotton Linter	Cotton Linters are very useful for paper board industry and thus wood pulp and other natural resources are saved.
5.	Cotton Seed Oil Cake	This product is best used for cattle feed. The gamut of cottonseed oil cake offered by us is excellent in quality by its thickness as it contains more protein.
6.	Cotton Seed Oil	These products are extracted from the cotton seeds. Some of the features of these products are Rich in nutrients and Hygienically processed.
