FACTORY PROFILE

TIME CO., LTD was established in 1985, headquartered in Gimhae, South Korea. We also had a main manufacturing factory in China from 1993 to 2011. In 2012, we moved our factory from China to Vietnam and found **K-Tarp Vina Co., Ltd.** Our company specializes in manufacturing and exporting PE tarpaulin (polyethylene tarpaulin), and the infrastructural facility of our organization is over 30,000 sqm wide with nearly 500 dedicated employees.

Our product- PE Tarpaulin is manufactured in various types and in tight accordance with customers' requirements and latest market trends. Our products are available in different customized shapes, sizes and specifications, and it is made of high- quality raw materials imported from South Korea.

We tightly control our quality for customers' satisfaction. The production process is monitored at every stage until the final delivery to make sure we deliver our best products to our customers.

With over 30 year experience in the field of PE Tarpaulin, we supply our products to customers from all around the world. We have developed interactive relationships with our customers and provide worldwide covering solutions at competitive prices.

We provide responsive customer service, on- time delivery, and continuous support to our customers for long lasting business relationships
