**YOUR TRUSTED APPAREL SUPPLIER**

QUALITY > EFFICIENCY > COMMITMENT

[www.rtsapparels.com](http://www.rtsapparels.com)

We are a Manufacturer/Supplier /exporter from Bangladesh of Knit and Woven garments products for Men, Ladies, and kids. We have family run manufacturing factories for Knitwear/Sweater (Flat knit), Jersey wear (Circular knit) and woven wear. We have over 55 partner factories all over Bangladesh with BSCI, Sedex, Wrap, OEKO-TEX , ISO certification. We place buyers orders with factories according to buyers requirements and product category.

We understand the challenges of cross-border sourcing and supply management and we are committed to provide our customers the best value products at a competitive cost. We offer world-class procurement services that increase efficiency and quality while reducing costs and delivery time. Our customers benefit not only from our experience and professionalism but also from our principles of transparency, integrity, and accountability.

As the local agent of buyers we choose the best available factories for the quality and timely completion of orders. We organise buyers' visits to our factories and take care of buyers' accommodation, transportation and all relevant matter pertaining to buyers' buying needs from Bangladesh.

We can offer you 60-90 days deferred term for payment; meaning buyers don't have to open LC as we can work on open account with credible buyers, subject to credit check eligibility.

Our valued clients include OMBRE- POLAND. ESPIR S.A. LPP-POLAND, NYC IDOL Inc, Brands Unlimited Inc, RTP APPAREL-USA, CC GLOBAL-CANADA, LA TIENDA DE VALENTINA-SPAIN, RIDAN GROUP-POLAND,OTCF-POLAND, UNIVERTEX- FRANCE, SPRINGHILL-SWEDEN, RAINA-BRAZIL, SIRETESSILE S.R.L.USA and many more.

MOQ	Flexible or depending on the product

**MANAGEMENT:**

RTS APPARELS, since its inception had been led by industry experts, dedicated and experienced team members. Our management team has a combined industry experience of over 40 years.

The management is highly committed to buyer satisfaction with minimum lead time. We provide our quality service to many internationally reputable buyers, importers and chain stores in US, Europe, across Middle East and Far East countries with all sorts of Knit and Woven garment items.

The greatest success of the RTS APPARELS management team is being able to develop and maintain a long term relationship with most of our buyers and to have earned their trust since our establishment.

**SERVICES:**

RTS APPARELS can provide any kind of fashionable apparel as per buyer's requirement. We can handle small to large quantity of orders with quality assurance.

- **WORLD-WIDE SOURCING**

We always identify new suppliers world-wide based on their product range, financial status, infrastructure, and environmental control, adherence to labor laws, manpower and efficiency of management, Information & Technological support. RTS APPARELS Sourcing continuously update information on new manufactures and new products. Information pertaining to new varieties of fabric, accessories, and new technology and quota availability are also updated.

- **Factory Evaluation:**

We take an extra step to source the most appropriate vendor for our customers. Before selection we thoroughly evaluate the Factory on the basis of the following assessment:

- » Factory design
- » Financial performance
- » Factory equipment & machinery

- » Factory productivity
- » Quota export performance
- » Prevalent working procedures
- » Factory past performance
- » Technical competency
- » Factory personnel competency
- » Factory reputation
- » Level of professionalism
- » Logistic Technological Support

We have formulated a Factory Evaluation Form: “KFE Form” which is filled out for every factory and then based on the physical and financial assessment includes creation of a rating grade to the factory. This rating grade can determine the quantity of Garments it can manufacture for RTS APPARELS Sourcing Ltd as well as whether it has adequate production capacity. These services can be further extended in locally reliable fabric sources, dyers and printers which ultimately promote quality of merchandise. This is an important process as no factory should be over booked, which causes delays in delivery and impacts production quality negatively. Factory assessments are an ongoing process. RTS APPARELS is constantly investing time and effort in finding new factories which can meet the requirements of clients in terms of fashion and price.

- **Personalizing Textile Production:**

There are many ways in which you can personalize your textile productions. For better understanding of our capabilities see the wide customization range we offer:

#### **Color**

Any color is possible for your garment. All we need is a color Pantone reference number or a color swatch.

#### **Basic Prints**

Up to 7 colors rubber or pigment silk-screen prints are available from our factories. All we need is a clear artwork - by mail- along with your instructions for print location on the garment, its size and the required colors. Various types of inks are available: puff ink, glow in the dark, metallic, shiny inks. Those inks can be mixed together in a same print to improve your logo perception.

#### **Photo Printing**

We are also able to produce high quality photo process prints up to 75 dpi. An original picture artwork, 4-color separation or high-resolution files are preferred in this case.

#### **Embroideries**

Computerized, 1 to 12 color embroideries are available at very competitive price on Tajima (TMFD 1200 TYPE) or Baradin (BEMXH 20T) machines or similar. All we need is a clear artwork - by mail- along with your instructions for embroidery location on the garment, its size and the required colors. You may also directly send us a ready-to-use embroidery file prepared for the machines cited above.

#### **Patches**

Rubber, PVC patches can be sewn anywhere onto the garment. We usually ask our clients to provide us with those patches unless time permits us to develop them ourselves. As a variation, to enhance an embroidery effect and somehow to reduce its cost, a contrast color fabric patch can be also used as the background of your embroidery.

#### **Labels**

Satin printed or high quality woven labels are designed to enhance your logo exposure, and are the cheapest way to personalize your items. Labels are not anymore restricted to the neck and can be manufactured in any size and sewn everywhere on the garment (on zippers, on pockets, on garment side, on sleeve, at bottom...). Here as well all we need is your artwork -by scan or fax- and the requested colors.

**Packaging :** Only approved goods are packed and buyer is assured of getting quality merchandise. Care is also taken to see whether all packing instructions of the buyer are respected.

Regular individual poly bags are now regularly printed at very little cost. Paper or carton wraps around the garment are also available in all sorts of quality.

**Hang Tags**

Often forgotten or dismissed, hangtags are another great way to convey a message to the end user and are actually inexpensive. Available in any shape, size and quality it only takes an artwork from you to add serious value to your production!

**Personalized Accessories :**

We now also offer the possibility to personalize buttons and zipper pullers with your logo.

**Garments Washing**

Various kind of garments wash, i.e; Regular / Heavy garments wash, Silicon wash, Enzyme wash, Bleach wash, Golf / Rubber ball wash, Dirty Wash, Tie-dye wash, Acid wash, Hot water wash, Tea stain wash, Enzyme stone wash etc. could also be provided according to buyer's requirements.

**Sandblasting**

It is possible to make Sandblasting, especially on Denim fabrics of various garments. It could be regular, chemical and Laser as per.

- **We also conduct final inspection on behalf of the buyer.**

**Supplier Credibility:** To ensure the quality, desired weight, construction and color etc. we evaluate the capacity and capability of every factory. We also check environmental control, safety laws, labour practices and adherence to labour laws.

We make sure that our supplier can meet our requirements when it comes to reaching the average number of pieces produced as per buyer's requirement at a given period of time to meet schedule.

**Sourcing:** Upon placement of orders, we check right away and control the quality of all garment inputs such as yarn, fabric, accessories, labeling and coordinates timing of their procurement and its timely delivery.

We let buyers choose and decide what kind of accessories and labels to use as far as style, color, design etc.

**Sampling:** We develop and provide samples as per buyer's design, fabric quality, weight, shrinkage, color fastness, specifications etc. to obtain buyers approval before heading to production through our professional staff of Merchandisers and Quality Controllers who always keep a close check on sampling and production.

**Quality Control/Assurance:** Our Quality Controllers visit the factory with regular intervals to make sure we meet our buyer's requirements.

Our quality control personnel are stationed at all manufacturing sites to ensure that all production will meet buyer's requirement. We always want to deliver satisfaction to our customers; we monitor the order from sourcing of raw materials and accessories to production and up to the final shipment of goods.

We also monitor and report the status of the order to the buyer with systematic follow up on each and every stage.

**Shipment/Cargo Handling:** All shipping documents are reviewed and verify as to buyer's instruction. All cargo is handled by reputable forwarder to obtain correct information regarding ETD and ETA of vessels because time delivery is as important for us as it is to the buyer.
