

COMPANY PROFILE

STYLINE KNITTING INDUSTRIES (PVT.) LIMITED

YOUR IDEAL FASHION SOURCING SOLUTION

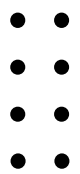

About Us

Styline Knitting Industries (Pvt.) Limited was established in 1991 and we have been involved in the Ready-made Garment sector of Bangladesh for several decades.

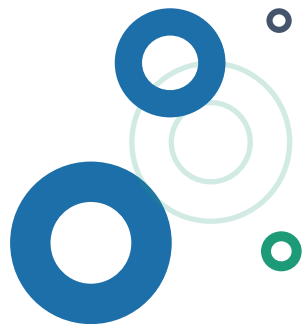

At present our factories including the supporting printing and embroidery sections are co-located and we continue to manufacture knitted garments and export them to various countries globally.

Today, we have established a very respectable reputation as a leading ready made garment manufacturer in Bangladesh.

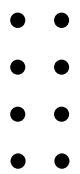

Our Mission

We are always well informed of the latest global fashion trends and industry requirements. We treat punctuality with utmost importance, and using our state of the art production technology we always ensure the timely delivery of our products.

Through our strong dedication, commitment and hard work, we constantly strive to become a dependable supplier of attractive and fashionable ready made garments in the global fashion business.

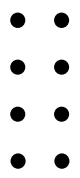

Our Vision

We not only aspire to become a frontrunner supplier in the international fashion arena but we also aim to address the global challenges and assist the developing economies.

What makes us stand out in the industry is our creative and innovative way of thinking and working which aims to make valuable difference by providing industry leadership and inspiration for people, companies and communities around the globe.

Our Products

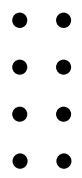

WHAT WE DO

Using our state of the art manufacturing technology we produce top quality garments to satisfy the growing demands in the global fashion markets. We are presently in a capacity of producing all kinds of tops and bottoms using knit fabrics.

Our Production Range includes:

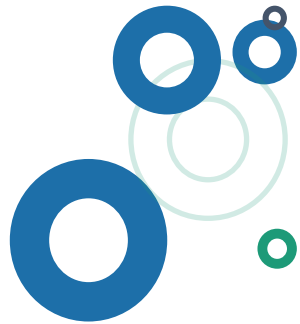

T-Shirts, Polo Shirts, Tank Tops, Shorts,
Sweat Shirts, Sportswear, Jogging Suits, Jackets, etc.

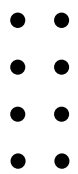

Our Clientele

As a result of our outstanding manufacturing excellence, our customers are some of the largest fashion brands around the globe. Our clientele include some of the leading fashion retail houses in Spain, Germany, Belgium, Portugal, Netherlands, Poland, Italy, Hong Kong and Australia.

Social Responsibilities

Over the past two decades, we have undoubtedly established a very strong reputation as an iconic ready made garment manufacturer in Bangladesh. We have certainly risen up to the challenges posed by the rapidly changing manufacturing industry in the 21st century and are making game-changing and ground-breaking developments in our manufacturing processes by making them safer, more efficient and “greener”. We have implemented technological innovations that are not only exemplary for the whole industry, but would also make the world a better place to live in.

What sets us apart from our competitors is the fact that sustainability is at the roots of SKIL. We are extremely ethical when it comes to taking the environmental and social impacts of our operations into consideration. Efficiency, innovation and sustainable performance play a key role for value creation and growth and what makes us stand out in the industry is the fact that we have adapted a creative and innovative way of thinking and working which aims to make valuable difference by providing industry leadership and inspiration for people, companies and communities across the globe.

Corporate Social Responsibility

Compliance with Standards

Quality is not only our aspiration, but also our obligation. It is the result of over 25 years of tradition and continuous technological innovations. We take every precaution necessary to ensure that all our operations are well within all laws and regulations. Therefore our competitive advantage of corporate reliability is dependent on our social and ethical behaviours which includes:

Ensuring that our clients' code of conduct is strictly adhered to at all times, with particular focus on human rights and occupational health and safety issues.

Ensuring that all local and international compliances with regard to working conditions, physical environment and welfare of our employees are adhered to at all times.

Providing medical services by our very own factory in-house doctor.

Child care room for the working mothers.

Child Care

Ensuring that robust procedures are in place to protect the rights of workers through the implementation of an elected Workers Welfare Committee.

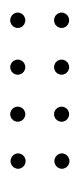

Promoting active participation at all levels and ensuring that the views of all our workers are taken into account through an elected Workers Participation Committee.

International Certifications

We always strive to provide the best working conditions and social compliance to our employees. In order to ensure that our commitment to quality standards are of the highest international norms, we have performed Business Social Compliance Initiative (BSCI) audits for both our factories, and have successfully achieved BSCI standards.

We are currently preparing ourselves for the ISO 9001:2015 Quality Management Services certification, whilst simultaneous making the necessary arrangements for achieving Supplier Ethical Data Exchange (SEDEX), Worldwide Responsible Accredited Production (WRAP) and Öko-Tex certifications.

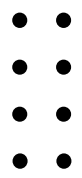

Future Plans

We are very closely affiliated with several dyeing factories who are completely dedicated to provide us with full-time support for the smooth running of our production. In the very near future, we intend to have our very own dyeing unit, including Effluence Treatment Plant (ETP) of a minimum daily capacity of 10 M.Tons. Simultaneously we are also planning to increase our daily knitting capacity to 8 M.Tons.

We also have another sister concern - Bakhrabad Knitting Industries Limited which has been established for catering to the garments sourcing needs of specific target markets.

Conclusion

We will be glad to offer you the best competitive prices and fulfill your garments sourcing requirements as per your specification requirements.

Feel free to get in touch with us if you require any further information.

We look forward to our potential active collaboration in the near future.
